

## FLIGHT 5: PPG and PPT CLASSES (Task 7)

### PURE NAVIGATION

#### Objective

To fly a course between as many turnpoints as possible within the 2 hour window and return to the deck. Pilots will be given 30 minutes for flight planning after receiving the list of turnpoints.

#### Scoring

$$\text{Pilot score} = 1000 \times \frac{\text{NBp}}{\text{NBmax}}$$

Where:

NBp = The number of turnpoints a pilot collects in the task

NBmax = The maximum number of turnpoints collected in the task

A turnpoint is collected if the pilot flies within 500 feet of it.
